

EcoLITE

BY PALLITE®

SUSTAINABLE PROTECTIVE PACKAGING

 **PALLITE**
GROUP

PALLITE®'S SUSTAINABLE HONEYCOMB PAPER CARDBOARD COMBINES RIGIDITY WITH SUPERIOR CUSHIONING QUALITIES.

OUR VOID FILL, PACKAGING AND CARTON LINERS CAN NEST PRODUCTS IN AN OPTIMALLY PROTECTIVE ENVIRONMENT.

A FLEXIBLE SOLUTION

Available in standard 15mm, 18mm, 25mm and 50mm depths, EcoLITE is offered in sheet format or bespoke design.

EDGE & CORNER PROTECTION

Help eliminate consignments shifting and minimise damage during transportation or storage with edge and corner protectors.

VOID FILL

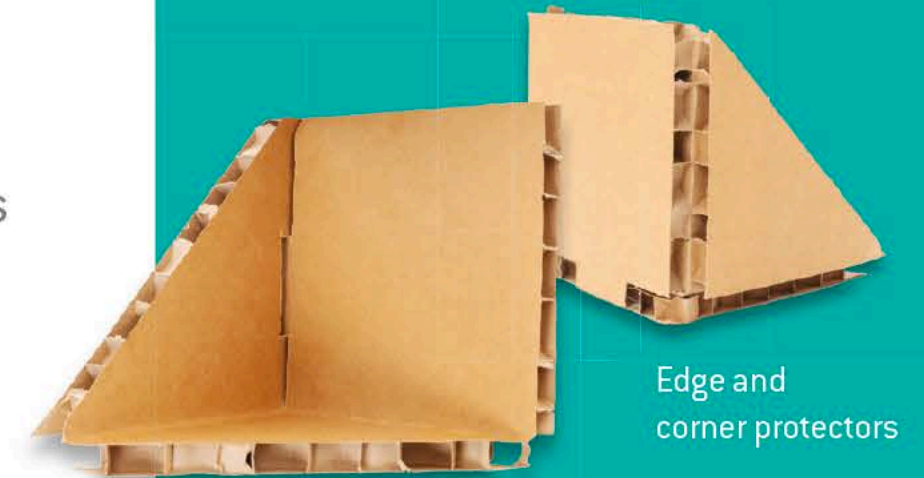

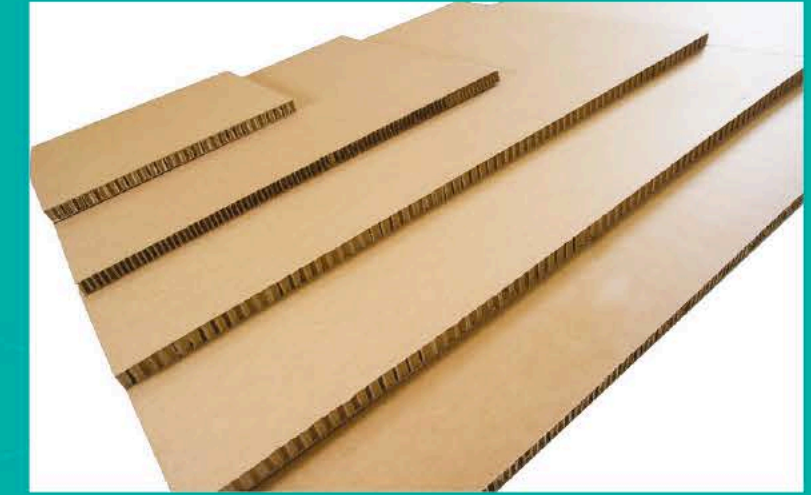

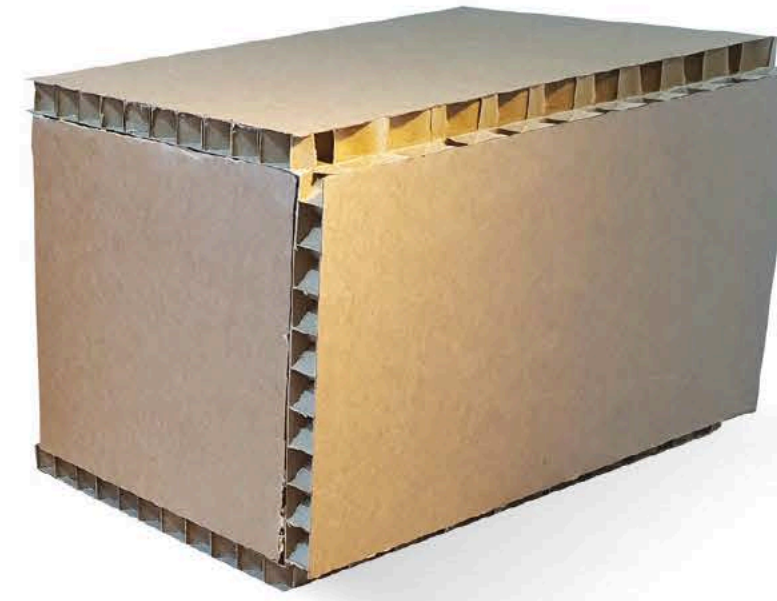

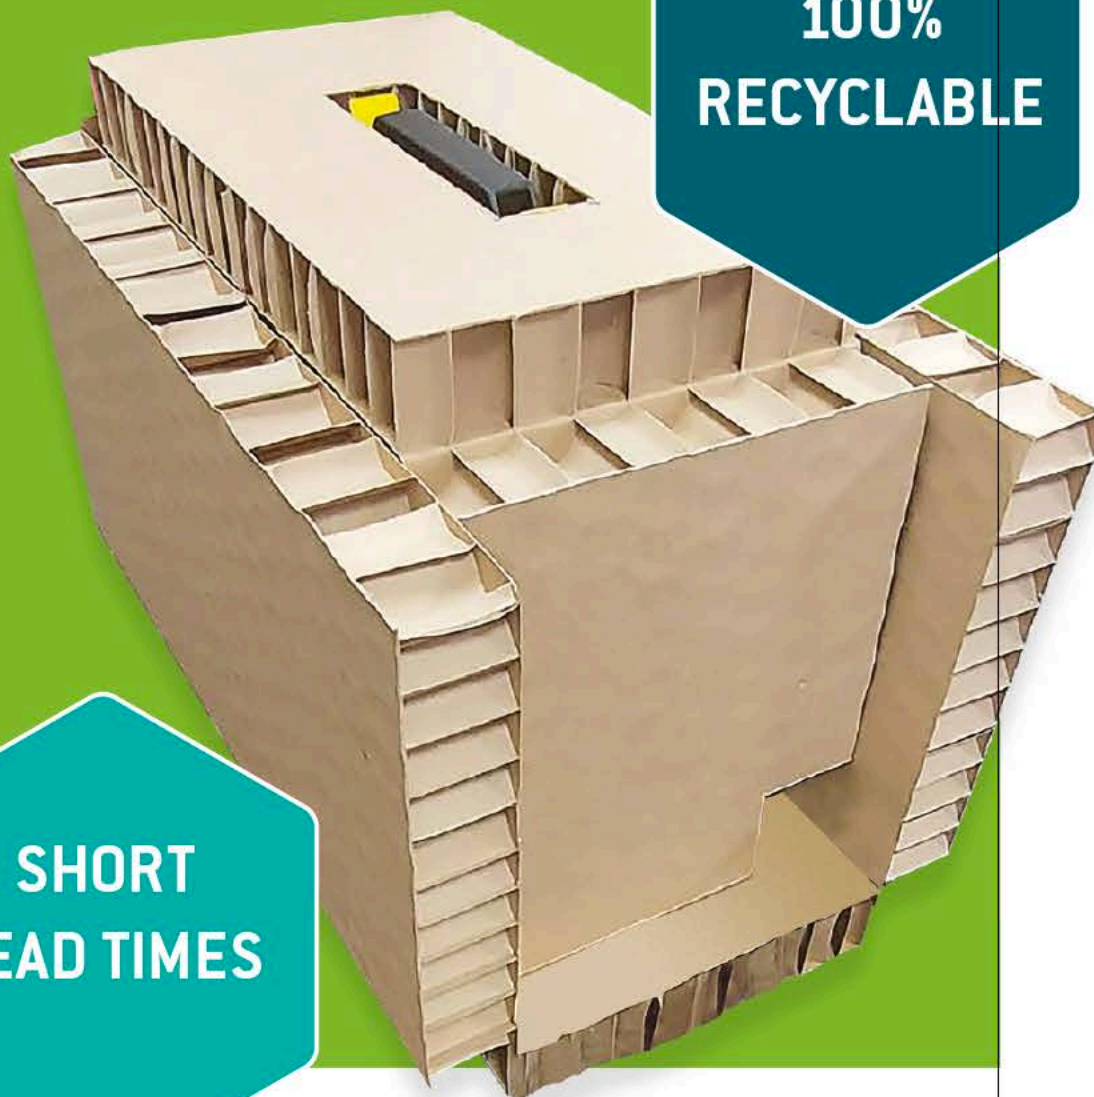

EcoLITE offers a real alternative to the traditional loose-fill foam peanuts, bubble wrap or small plastic pillows of air.

CARTON LINERS

Custom honeycomb cardboard liners for boxes help keep your products free from contamination with box liners cut to your requirements.

100%
RECYCLABLE

SHORT
LEAD TIMES

Edge and corner protectors

SIMPLE PACKAGING SOLUTIONS

Our purpose-built slitter machine has the capabilities to produce a variety of profiles to short lead times including:-

- PLANKS
- TEAR OFF PLANKS
- PADS
- TEAR OFF PADS
- CARTON LINERS
- 100MM BEARERS

EcoLITE BOARD COMES IN FIVE STANDARD SIZES:

1200mm x 1000mm

2440mm x 1220mm

3050mm x 1220mm

2000mm x 1200mm

400mm x 330mm

PALLITE® surpassed our expectations. The bespoke packaging solution provided by the team with their honeycomb board, EcoLITE, has transformed our approach to the transportation of our products.

I'd definitely recommend PALLITE® to anyone looking to introduce more sustainable packaging.

RDA Environmental Engineering Ltd

THE RIGHT CHOICE FOR YOUR BUSINESS AND THE PLANET

Using recycled paper requires 65% less energy to manufacture than virgin paper, reducing water pollution by 35%, and reducing air pollution by 74%.

PALLITE®'S RANGE OF SUSTAINABLE PACKAGING HELPS BUSINESSES TO:-

Lower their CO2 footprint by reducing their use of single-use plastics, and by becoming more circular.

Achieve their own journey towards achieving their sustainability goals.

Preserve and protect our planet for the generations to come.
