

PIX[®]

HIGH-DENSITY WAREHOUSE STORAGE & SHELVING

STANDARD DESIGN OPTIONS

 **PALLITE**
GROUP

PALLITE® INVESTED IN THE FUTURE

PALLITE® is an award-winning international designer and manufacturer of sustainable, flexible storage units produced in the UK from our strong honeycomb cardboard.

WHICH PALLITE® PIX® STORAGE SOLUTION IS RIGHT FOR MY STOCK & SPACE?

PIX®
Weight capacity across each unit - up to 500kg
Weight capacity per pick face - up to 50kg
Available as single or double sided units.

SPACE-SAVING
Reduce the space needed to store your products by combining pick-faces and creating more space in your warehouse. Reduce pick times and walk sequences by combining pick-faces to improve your efficiency.

STRONG AND DURABLE
Walls constructed from honeycomb paper board and protected edges results in pick-faces that are strong enough to hold up to 500kg in each PALLITE® PIX® storage unit.

LIGHTWEIGHT
Lightweight to protect your team from manual handling injuries

SUSTAINABLE
100% recyclable and made from materials from managed sources

FLEXIBLE
Easy-to-fit interchangeable dividers to quickly flex your space around your products.

IMPROVE PICK ACCURACY
Clearly divided and well organised pick-faces with space for labels and tags help you to find products with ease

FULLY COLLAPSIBLE WITH NO NEED FOR TOOLS OR SCREWS
Build and dismantle with ease and store flat-packed when not in use to help keep your warehouse layout flexible.

FORKLIFT-FRIENDLY
Move the whole unit, empty or full, with ease.

PIX® 32 Twin

PIX® XL Bin Box Twin

PIX® SLOTS 48 Twin

PIX® SLOTS 32 Slim

PIX® SLOTS Angled 96 Twin Twin

PIX® SLOTS TOTES

PIX®

PIX® is a high-density, flexible storage unit designed to meet the needs of the modern warehouse. Rapid build, no need for costly installation teams, PIX® can be deployed quickly and without disruption to your operations.

PIX®

PRODUCT	PICK FACES	DESCRIPTION	EXTERIOR (mm)			INTERNAL PICK-FACE (mm)		
			UK/Euro	UK/Euro	UK/Euro	UK/Euro	UK/Euro	UK/Euro
Single Sided	12	PIX® 12	1200	1000/800	1940	263	925/725	550
	16	PIX® 16	1200	1000/800	1940	263	925/725	398
Single Sided Slim	12	PIX® 12 SLIM	1200	500	1940	263	425	550
	16	PIX® 16 SLIM	1200	500	1940	263	425	398
Twin	24	PIX® 24 TWIN	1200	1000/800	1940	263	450/250	550
	32	PIX® 32 TWIN	1200	1000/800	1940	263	450/250	398

All sizes and volumes are a guide, slight variances to these may occur during the manufacturing process. Maximum capacity across each PIX® unit is 500kg.

PIX® XL Bin Box

Extra large storage boxes for bulkier stock where traditional pick bins may be too small. Available in either a single or twin sided unit, free up and transform your warehouse space quickly with the flexible PIX® XL Bin Box storage bin units. Produced from our incredibly strong honeycomb paper cardboard, weight capacity across each pick bin is 25kg.

PIX® SLOTS TOTES

Incredibly durable, easy to stack or pick up and move, PALLITE's TOTES have a weight capacity across each bin of 25kg.

PIX® SLOTS & SLOTS Angled

Available with Straight or Angled Shelves

PALLITE® PIX® SLOTS is the lighter weight range of storage units, providing the same flexibility as PIX® with a weight capacity of up to 300kg across each unit.

Choose between straight or rearward angled shelves to help prevent stock falling from pick bins.

PIX® SLOTS
